

Product description

The Hip Adductor is designed to strengthen inner thigh muscles and improve hip mobility, featuring adjustable weights for a customizable and safe workout. Its ergonomic back-rests and seats with hand-grips provide stability and comfort, making it easy to use for seniors with limited mobility. This machine helps enhance balance, reduce the risk of falls, and support daily activities like walking or standing. Gentle on joints and ideal for rehabilitation, the hip adductor promotes strength, flexibility, and independence for frail elderly individuals.
